Ascension & Manifestation LightWork Program

The purpose of Ascension & Manifestation LightWork Program is to help you ascend and learn to manifest your desires quicker than it would take for you to learn this on your own. Normally it could take you years, but this program accelerates your ascension so that you can work with these energies right away. I was told by my guides and angels that I needed to make this energy and information available to others immediately! I was told that only those interested in truly ascending their energies and learning to manifest would be drawn to the Ascension & Manifestation LightWork Program.

I was also told how much to charge, and given the reason why for the price—it is a price that anyone who really wants it can achieve, and yet, a high enough price that it is of value to those who purchase it. The reason is, that this system is not designed and channelled for other sellers. It is designed and channelled for those who want to truly use the energies to ascend and learn to manifest their desires. The Ascension & Manifestation LightWork Program connects you to Spirit, your guides, and higher beings of light to help you clear out or blast away any negative blocks in your path of ascension.

It also helps you to move from one dimension of energy to a higher dimension of energy. This helps you to change your thought patterns to those of a higher vibration. This in turn helps you to focus on your goals and desires and take steps to manifest them. You will learn how ascension takes place, and how you evolve into another parallel universal dimension of reality on this physical plane. You will also learn how this helps you to manifest your goals. If you feel drawn to taking the Ascension & Manifestation LightWork Program course, then you may be ready to move forward with your ascension and begin working to manifest your desires.

Cognitive Upgrade

Cognitive Upgrade is a delightful energy that helps your brain and mind make sense of more of the information you receive when in your spiritual journeys It also helps you to function better here in this reality, while you are integrating spiritual downloads divine codes of enlightenment. Cognitive Upgrade assists to reduce the "disconnect" feeling that people get when they've received a "download" from spirit. If you've ever felt like your soul or angels just dumped information and energy into you, but you can't quite access it, you may have received a download. Lightbody Integration assists you and your physical body to activate the divine codes to activate the divine instructions you receive from beyond this reality. This may change the molecular composition of your body in such a way that enables it to make use of and literally embody more of your soul and Eternal Sacred Source. Lightbody is a spiritual and metaphysical term which refers to the energy matrix, aura or grid which connects you more fully to your soul and Divinity. Think of it as a living garment of light that encases your body, your spirit and your consciousness. That means that it is here, and is able to move with you when you dream at night, or are in meditation. Anytime your consciousness travels, it is clothed in your lightbody. This is a very important spiritual construct to maintain and integrate with your physicality. The faster a person's physical body can vibration and still be in physicality, it is said to have a higher "light" quotient. It is easier to perceive spiritual realms when the body you are in is as "light" as possible. This is not true for all people, but for most. There are some very dense shamans who are incredibly skilled at moving their consciousness into other realms. People focused on the art of lightbody integration are also interested in shifting their entire body's molecular structure in such a ways as to transcend various physical limitation. They feel that they may eventually be able to "take their body with them" for ascension.

I look at the more immediate benefits of Lightbody Integration & may be, but are not limited to: Being in resonance with your guardians in the light of eternal source.

Being in constant contact with your higher self, soul and eternal source. Having more personal power and presence, here in physicality. Gaining the ability to communicate with all eternal living, sentient beings. Consciously transcending the limitations of time and space. Being more immune to local diseases, pesticides and pollutants.

The crystal band of light holds inside it the high vibration of unconditional pure love, harmony, unity and peace. The Councils of Light allowed the Lemurians, before the Land of Lemuria sank in the ocean, to create a crystal band of light that was placed around planet earth to assist Gaya and humanity when the time for ascension comes. Its intention is to raise the vibrations of humanity and help them to transition into higher dimensions of light and consciousness of love, harmony, and peace to create the golden age on Gaia. Multidimensional Awareness Activation

The purpose of the Multidimensional Awareness Clearing and Activation is to give us the ability to consciously access other dimensions plus activating our dormant psychic abilities to experience multidimensional awareness. This will enable us to connect directly with Higher Beings in other realities and to access knowledge, guidance, information, wisdom, and concepts and then translate these in such a way that we are able to utilize them here. This is Higher Realm Multidimensional, that is to say, information, insights, and wisdom through the multidimensional sensory awareness which increases our multidimensional awareness and healing abilities. The energy will give us the ability to access knowledge which cannot be obtained through normal learning on the Earthly realities or through spiritual gifts such as channelling, clairvoyance or mediumship. Not only will we be able to access knowledge and wisdom from other dimensions the energy of this system will assist us in assimilating this new information and incorporating it into our lives so that our reality will change for the better! As we work with the energy of this form our Higher Selves will be prepared for the eventual and permanent shift to a Higher vibration of Consciousness. Because this Higher Vibrational Energy is foreign to us the energy of this Activation will assist us in acclimating to it. We will experience a startling awakening to our next level of Oneness with All That Is as well as retain the Higher Information that we receive as a part of us. Old physical, emotional, mental, spiritual blockages and negative energies will be released from our bodies. A powerful chakra clearing and opening including all the 'new' chakras will be experienced. Causes of traumas, difficult patterns, limits, and challenges in our life which originate from beyond our physical body and life's boundaries such as originating in the energy body or a past life or another reality altogether will be resolved.

As obscurations are cleared and dissolved and new possibilities come forward we will recognize the luminosity of the Higher Light Realms, integrate higher wisdom, which will change our reality forever into a dazzling and luminous new reality!

Soul Care 1 - 5

Soul Care© Levels 1-5 Brand New From Mariah Windsong Soul Care© assists you to connect more strongly with your soul, and Eternal Sacred Source. The Shakti and Beings of Light who arrive with this energy system to guide and heal you are very happy that you will be asking for their help. They will be present every time you activate a function or level of Soul Care© & will be a comfort and reminder of your origins beyond this time and place. Soul Care© energy system seeks to bring you into wholeness within your soul and bring more of you here. There are 5 levels to this system.

Soul Care Level 1 contains the attunement to the Rainbow Bridge Shakti. Shakti are delicate and powerful Divine Intelligences who are sensitive to their surroundings. This means that your sincerity and attention to purity of heart is necessary otherwise they will hide and not activate when you call upon them. Rainbow Bridge Shakti is a Loving Divine Intelligence that you can ride with from here to where you connect into the Heart of Eternal Sacred Source. You ride with her on a Rainbow Bridge from here to your Higher Self, Soul, and onwards to the place where you connect into the Heart of Eternal Sacred Source.

Soul Care Level 2 attunes you to the natural spin-speed ratio of Krystal Spiral and Sequence, the Eternal Merkavah. Eternal Ascension aligns with energy that is self-sustaining from the center point of creation and is self-regenerating instead of inorganic and finite. Soul Care© Level 2 provides you access to a spiritual concept called Aspect Management©. This gives you an easy energetic way to manage the focus and activities various aspects of you are engaged with at any one time. We all split off aspects of ourselves whether we are aware of it or not. Being aware of when and why this is happening is important. Purposefully managing how many aspects are busy doing what will give you the ability to pull more concentration of you present in the NOW when you need strength.

Soul Care Level 3 does the initial cleansing of any karma, codes, imprints, limiting harnesses, implants, nano-tech or limiting belief programs which are not in alignment with the Heart of Eternal Sacred Source. Level 3 does the first soul cleanse for you and lights you soul lights. It is your responsibility to reactivate frequently. Doing this daily will ensure optimal healing, growth and freedom. Cleansing and regeneration is a gradual process.

Soul Care level 4 is designed to facilitate soul parts to return to your soul. These soul parts are then worked with intensively by the Strength Movers of the Light and your own Angels and other Helping Healing Ones in the Light of Eternal Sacred Source. This differs from 'traditional' soul retrieval work in that your soul parts are called to return directly to your soul first, rather than to the incarnated you here in body. There is an increased efficacy in this work by encouraging your soul parts to re-unite within your soul, prior to their invitation to join you here on Earth in body.

Soul Care Level Five. For our final level of Soul Care there is assistance and transportation provided to bring parts of your soul here to integrate with you in physicality. We call this Descension and Integration. It is very difficult to ascend until you have enough concentration of yourself here in physicality. It is necessary to more fully descend before you can easily ascend.

Soul Care level 5 will assist the bringing of more of you here, today, for your life. A strong concentration of your soul here in body gives you ease of eventual ascension because more of your natural Divine Attributes are present here. Start thinking about your soul, what parts of yourself do you yearn for? There are not likely names here, simply a tug, a feeling of missing a part of yourself that you feel or think might be out there at the higher levels. Pray and declare that you are ready to receive the parts of you that are ready to descend to you, here in body and integrate with you, here!
