

# CHILDREN'S ATTUNEMENT PACKAGE

## Children's Angelic Light + Flashcards for Children's Angelic Light

Children's Angelic Light TM is a new energy that was channelled by Nicole Lanning and her son Reiss. Children's Angelic Light TM attunes you to angels that mostly work with children and the issues children may have and this will help them to grow and develop into well-grounded adults. This attunement can also be passed onto children which makes it very unique. The only thing the founder does ask is that if you attune a child to this energy then they should understand what is being done for them. Also that they believe in the Angels and the gifts that the Angels can and will give.

There are 13 Archangels/Angels, their properties, attributes and symbols. The Angels/Archangels that you will be attuned to are:

- Naarai - Archangel of Children
- Barachiel - Guardian and provider of the children of God.
- Mihr - Angel of friendships.
- Shushienae - Angel of Purity.
- Afriel - Angel of Youth.
- Dina - Angel of learning, Knowledge and Wisdom.
- Elijah - Angel of Innocence.
- Yves - Archangel of Destiny.
- Rehael - Angel of Respect.
- Isda - Angel of Nourishment.

- Maion - Angel of self Discipline.
- Samandiriel - Angel of Imagination

## **Children's Angelic Light – Children's Version**

The above, but for the child to read.

## **Children's Ladybug Protection**

This lovely empowerment was channelled in by Nicole Lanning, with the help of her son and daughter. It works very well with children, as well as adults. In the manual, you will learn all about ladybugs, legends and myths of the ladybug, symbolism, attributes, how to use this form and how to pass on the attunement to others. This is a lovely system which brings in beautiful energies.

## **Reiki for Children**

Awesome comprehensive 168 page manual. In today's uncertain world, children are our strength. It is within the child that our world and the Universe expands and grows. This book opens the door to the Universal Life Force, for those wonderful expansive minds of the youth of today. Not every child is ready for the power of Reiki, those that are, shall benefit remarkably for the contents of this extraordinary work. What each child learns is a respect for the sacredness of Reiki. It aids them in connecting to the Universal Life Force, which is Universal Love. Reiki teaches an individual: "Just for today, I will not worry, Just for today, I will not anger, Honor your parents, teachers and elders, earn your living honestly. Show gratitude to everything." Today when using the name of GOD in our own Pledge of Allegiance to our Flag is questioned, there must be an acceptable value which we may teach our children that circumvents the norm of dogma.

I plead you to reach out, touch our growing seeds, those which we planted and nurture them with the enlightened path of understanding, which will take their hands, open them to understanding and guide their paths to a higher good. One bereft of violence. It is our duty as parents, as leaders of people, to teach the little people how to become honorable big people. To whom the world will look to with RESPECT.

## **Indigo Children's Light**

This form can be used by the Indigo's themselves or can be used by the parent of the Indigo to help not only the parent to help the child but also the child as well. This is a multi-functional form that can be used for healing issues with Indigo's on an emotional and spiritual level - not a physical one. This form can also be used with helping the parents to handle and cope with Indigo's problems by sending healing to the child. This form can also be used by an Adult Indigo as well to help them cope with the emotional and spiritual aspects, development as well as healing.

## **Crystal Children's Light**

You can use this new energy form to help deal with the typical issues that Crystal's face now a days especially dealing with issues of fear and protection and creating safe places where they do not feel vulnerable and can open and use and discuss their abilities. This form can be used by the Crystal themselves or can be used by the parent to help the child. This is a

multi-functional form that can be used for healing issues with Crystal's on an emotional and spiritual level - not a physical one. Crystal children - even the little ones can use this form. Their vibrational rate and natural born abilities will already know how to use this form.

## **Inner Child Reiki**

Healing the Inner Child Reiki connects you to spirit and your inner child to bring healing, joy, laughter, and childhood wonder of spirit to you. It also connects you to your personal guardian angels of the Inner Child. The energies of this attunement will fill you with love and joy, and heal those childhood memories that are painful. It helps you to allow your inner child to come forward with love and happiness.

You may begin to experience that childhood eagerness of looking forward to doing something special you have been wanting to do. You may find that you are filled with more self-love and fairy like awe of the beauty and love of life. Your Inner Child will be able to step forward and help you learn to laugh and experience a truly joyful heart!

This is a nice attunement to give to a child, as it will reconnect them to their child within, whilst the outside world tries to force them to grow up and be responsible.

## **Rainbow Children's Light**

This energy form is for parent's to help their own Rainbow Children. These children do not need to be attuned to this form as they are already connected to everything in the Universe. They have already been shown this new energy. This is designed to help the parents to relate and understand these beautiful children. This can provide protection, help with communication, and work on areas in need of healing.

## **Color Reiki for Children**

Colour Reiki for Children is a form of energy attunement that permits adults to attune children to the vibrational level of the different colours that correspond to the energy vibrations of children's light being. Colour Reiki is very easy for children to use as children are used to working with colour. This attunement to the vibrational energies of colour helps and guides children in their own personal development with energy. They will enjoy bringing in and using the energy of each colour as and when they need it.

Within the manual is information on each colour, a colour breathing meditation and instructions on how to pass on the attunement. Only persons aged 18 or over can pass on this attunement, although children can receive the attunement.

## **Angel Reiki for Children**

Angel Reiki for Children is a distant Reiki attunement that will connect you with 20 angels. These angel will help and guide children in personal development. Angel Reiki for Children also helps guide you with recommendations for semi-precious stones and colors to soothe children souls.

The manual explains the 20 different archangels and what their purpose is in healing children. The manual also teaches you what colors can assist a child on particular things they need healing with. It is my personal belief that children are very open and receptive to subtleties like color healing, archangels, gemstones and other metaphysical energies. Therefore children can easily use this type of energy if you choose to share it with them.

The attunement is for adults. We can choose to attune our own children with it or just use it on them. I think anyone that has children or works with children can benefit from this activation.

The manual gives you many situations that children can be faces with and how to use the energies of Angel Reiki for Children, as well as color therapies, gemstones energies and such in helping children through those situations.

## **Rainbow Orb Empowerment**

The Rainbow orb was channelled specifically to help sufferers of agoraphobia, anxiety and high levels of stress. The system is also gentle enough for children to be attuned to, and to be taught how to create their own etheric rainbow orbs. We forget that the children also suffer a great deal with stress and anxiety connected with school, peer pressure and worst of all bullying which can make them feel very alone.

The rainbow orb can be used in healings as well as in times of need. By creating 1 or more rainbow orbs that are placed over your chakras you will infuse the rainbow energy from the orb into the chakra being treated. This helps with any discomfort that is felt during times of anxiety.
