Aengus's Love Empowerment

Aengus is known as the young, handsome Irish God of love. He helps people find their soul mates and twin flames to enjoy harmonious relationships. He helps lovers resolve arguments with his magical harp music and healing kisses.

Let him help you with this empowerment, bringing the love into your life that you need and resolving any quarrels in your relationship.

Aphrodite Beauty Ray

The Aphrodite Ray will help you to connect with Aphrodite energy. Aphrodite is the Goddess of beauty and will help you shine your true beauty outwardly to all around you.

Sometimes we just need a little boost on days we don't "feel pretty" this attunement is just for that! There is a small manual with instructions on how to pass on the Aphrodite Beauty Ray and how to call upon the Aphrodite Beauty Ray.

Aphrodite.... The Greek Goddess of love and passion. She represents unabashed female sexual energy. She will help to balance out the male/female energy where needed. She also helps women feel comfortable with their bodies and sexuality. Her energy to me is one of inner feeling, and recognizing your wants, needs and desires. She is connected to the sacral chakra and planet Venus...

In many pictures Aphrodite, Foam Born, rose naked from the Sea on a scallop shell.

You can always recognize her from her luscious flowing hair and nearly naked body...

Let Aphrodite help awaken the Goddess within you!

Apollo's Ray

Chakra Tantra Reiki

Chakra Tantra Reiki is a form of Spiritual healing that balances the yin and yang-male and female energies within the chakras. Chakra Tantra helps to fully awaken the Kundalini energy. In Hindu philosophy these two polar opposites represent Shiva and Shakti.

Chakra Tantra Reiki is a combination of chakra balancing thought integration of polar energies, and ourselves working on our creative energies to manifest our wishes. It is also helpful in re-invigorating our creative and sexual energies, dealing with the sacral chakra area. It can help to alleviate back pain

due to energy blocks, improve fertility, and personal power.

Chakra Tantra Reiki combined with visualization exercises, aromatherapy and massage is great at removing energy blockages and releasing deeply held belief and behavior patterns.

The manual contains:

- How to give and in person Chakra Tantra Reiki massage
- What aroma oils to use
- Grounding Massage
- The Balancing Symbol
- Energy Healing & Guided Meditation Massage on back spine
- Energy Healing Work on Chakras

Erotic Empowerment

The Erotic Empowerment is a very powerful attunement and one of the key functions is that it increases your self confidence as the air of confidence if you will attracts others to you. When you are lacking in self-confidence this lingers in the layers of your energy body and has a negative effect on you as well as repels others. Lack of self-confidence weakens the magnetic field. There is a meditation included that if used regularly will help you to increase self confidence, courage, charisma and help you to have an open mind and heart. The empowerment has rays that you can use on yourself to help you with bringing out your inner beauty and radiance. You can also aim the rays at another person to increase their fascination with you as long as it is in line with the Highest Good of All.

These energies can also be used for healing and improving relationships or sparking or rekindling the flame in a relationship/marriage.

There are two levels to the Erotic Empowerment. In the first level the energy body and aura are cleared, cleansed and cleaned of negative energy. This allows the negative energy that has formed due to your negative beliefs about yourself to be removed so that the aura can attract strong interest from others and allow the beauty from within to shine outwardly. This naturally increases your feelings of confidence about yourself. The second level increases your sex appeal so that you have a greater magnetism and can draw persons of like energy to you.

There are many more benefits of the Erotic Empowerment. Here are examples but there are many more!

- Increases self confidence
- Increases relationship abilities
- Increases self placidity
- Increases sex appeal
- Increases health
- Creates better relationships with others
- Simplifies and speeds up connection to soul mate/twin flame/husband/wife/relationship

Gaia – Goddess of Seasons Abundance

Mother Goddess of the Seasons, Abundance, Fertility, Love, Healing, Empowerment, Enrichment.

Gaea "the Deep-Breasted One", is the ancient Greek Goddess of the Earth, considered by Hesiod "the oldest of divinities".

She was said to be the child of Ether (Air) and Hemera (Day), though some said She was born directly from Chaos with Eros (Love) and Nyx (Night).

She is credited with creating the Universe, and is known as the mother of many.

Gaea is considered the Mother of All, who nourishes and cares for Her children, and brings rich blessings.

Gaea as the ever-present Earth was invoked in oaths as a witness, and as one who being All, knew all, was considered a goddess of prophecy: the Olympian oracle was Hers, and the famous oracle at Delphi was originally Hers, before Apollo either stole it, or before it was passed down through Her daughter Phoebe to Him.

Gaea in a reading indicates a time of fruitfulness and bright blessings, of nourishment and fulfillment. Alternate spellings: Gaia, Ge.

In Greek mythology, she created the Universe and gave birth to both the first race of gods (the Titans) and the first humans.

Many people feel both pain and love after there has been heartache hurt. If you do not want to forget what the love for the person feels like, it is common to hold onto the pain also. For separating the two is not easy when you are in the middle of your feelings. Love/pain Separator energy function is included in the Heartache Healer Energy System so that you can separate these two feelings. This needs to be done in the form of a guided meditation initially. Later, for re-activations of Love/pain Separator you can simple activate it by its name rather than having to go through the entire meditation.

Moonstone energies can help you with your inward journey and to retrieve the parts of yourself that may have been lost or neglected due to an emotional wound. this Shakti can help you to fully accept yourself and come to peace with any actions or words said in the past, and the feelings about missed opportunities. It is a powerful feminine force that helps you regain your inner and outer glow. If you are a man, it can help heal your relationship with any woman.

There is special empowerment to a bird included in level three. This bird's assistance addresses a very important reason why many cannot move past the hurt. There are negative energies in the astral realms referred to as 'larvae'. They appeared to the founder, Mariah Couture, as wasp larvae. Mariah was shown how in the inner realms, those feed on the energies of pain. They prefer that a person stay feeling pain so that there is more energy food. They lodge in those spaces keeping emotional wounds open. This special bird, here on Earth, once attuned to their empowerment, will arrive to you in the spiritual realms and clean you energetically, removing all astral larvae so that your emotional wounds can heal.

Self-love is an issue that virtually everyone deals with. We all suffer at times from feeling like we don't fit in, we are not good enough, we are not pretty enough, we are not smart enough.

These feelings are normal and to a certain extent are healthy. People who never question themselves, who believe they are 100% perfect and can do no wrong, are not emotionally healthy and may even suffer from some sort of delusional psychiatric disorder.

The important thing, then, is to learn how to love yourself while accepting your imperfections and faults. Nobody is perfect. And when you think about it, wouldn't the world be a boring place if everyone were perfect and the same?

This is a terrific system to use on yourself and also with clients.

It comes with specific processes to deal with negative thinking patterns. If you are struggling with career, money, or love, this system will help tremendously!

You are Loved Activation

The information given here was taken from a channelled message from Archangel Raphael. Our beloved Archangel Raphael ends all of his inspiring messages to us all with You Are Love. Raphael emphasizes that each and every being on this our earthly planet is love! We are total love! The energy associated with those tender words is at all times exceedingly prevailing.

In this most recent message from Raphael, it was his definite sentiment that there were too many Beings who didn't really accept as true that they were in totality love. Raphael indicated that All Beings do want to consider this yet there are distinct reasons why some Beings will not allow themselves to sincerely deem it so.

Our Archangel firmly states the 'actual' explanation is directly related to the lack of enthusiasm and pessimism which took place through the generations from the last Age of Innocence up to the present Now.

Genetically, these belief systems are deeply ingrained within us. There are in addition to the above, countless added reasons which stop us from believing that we are love. Raphael mentions some of them but the list could go on and on. He recognizes it may be due to a Being's formidable early years, hurtful life experiences, the inability of one Being understand another Being, peer pressure, a devastating relationship, and a lack of a definite want. High on the list for our beloved Raphael is the unjust and unfair class system.

Raphael profoundly stated that if an individual felt they were not love, total love, then, most likely, the reason was known to the person. Most Beings, if not all, like the sound of the words, You Are Love, but some individuals feel they are not worthy of being love, total and complete love.

Archangel Raphael's loving activation, You Are Love?, is an entirely soothing, tranquil, and peaceful activation. Our beloved Raphael refers to this activation as an experience devoted to YOU, for it is your Divine right to know and fully believe that You Are Love?. And, that is the essence of this activation! It will support an individual in better understanding him/herself and to accept as truth that You Are Love?
