Ascension & Manifestation Lightwork Program

The purpose of Ascension & Manifestation LightWork Program is to help you ascend and learn to manifest your desires quicker than it would take for you to learn this on your own. Normally it could take you years, but this program accelerates your ascension so that you can work with these energies right away. I was told by my guides and angels that I needed to make this energy and information available to others immediately! I was told that only those interested in truly ascending their energies and learning to manifest would be drawn to the Ascension & Manifestation LightWork Program.

The Ascension & Manifestation LightWork Program connects you to Spirit, your guides, and higher beings of light to help you clear out or blast away any negative blocks in your path of ascension.

It also helps you to move from one dimension of energy to a higher dimension of energy. This helps you to change your thought patterns to those of a higher vibration. This in turn helps you to focus on your goals and desires and take steps to manifest them. You will learn how ascension takes place, and how you evolve into another parallel universal dimension of reality on this physical plane. You will also learn how this helps you to manifest your goals. If you feel drawn to taking the Ascension & Manifestation LightWork Program course, then you may be ready to move forward with your ascension and begin working to manifest your desires.

Fairy Lightworker Program

Fairies are magickal beings that are multidimensional. They can move in and through the physical realm. We live in the 3rd dimension, the physical realm. But in reality, everything we see, hear, touch, taste, and smell are only illusions, these perceptions are how we communicate the information we receive in the physical realm to our true spiritual selves. We are energy. Everything is energy and nothing is truly solid. The Fairies know this, and are able to merge with the things that appear to be solid in the physical realm. Their energies

are lighter and their knowledge of quantum physics, allows them to move in and out of different dimensions, which all co-exist at the same time in the same space.

You do not have to know or understand quantum physics to know that Fairies do exist, and that we rarely ever see them with our physical eyes. We sense them, feel their presence, and very often can communicate with them psychically through telepathy or visions.

The Fairy Light Worker Program will connect you to all Fairies, if you wish to call on them for assistance. However, this Reiki System strengthens and connects you to specific Fairies and their so that you will be able to call on them easily for assistance with healing, abundance, magick, guidance, protection, fertility, transformation, transition, strength, love, happiness, and beauty. Please keep in mind that you do not have to receive any attunement to work with Fairies, but the Fairy Light Worker Program does speed your ascension for working in the Otherworld of the Fairies, and strengthens and enhances your abilities to connect and work with the Fairies and their energies.

You will learn about the Following Fairies, and ways to work with them, and which Fairies to call on for assistance with specific areas of need:

Greenman

Dryad

Woodland Nymph

Gnomes

Sylph

Star Fairy

Stone Fairy

Pixie

Ice Fairy

Water Sprite

River Queen Coventina

There are 11 attunements for the Fairy Light Worker Program, one for each of the above mentioned Fairies.

Magickal Crystal Lightworker Program

The Magickal Crystal Lightworker Program will connect you to the basic energies of all crystals and stones. Each crystal and stone has a unique energy that has a specific type of

frequency such as rose quartz, ruby, jasper to name only a few. Each of the crystals in this system also has a subcategory. There are golden topaz, blue topaz, fire topaz and even within these subcategories, there are energies that are specific to each single crystal or stone.

The attunements for the Magickal Crystal Lightworker Program will connect you to the basic energies of all crystals and stones. By being attuned to these energies, you will find that the more specific types of crystals and stones will have a heightened and increased energy when worked with. This will enhance your abilities to communicate with and use the crystals and stones which can then be used in the transfer for healing, psychic work, and manifesting your desires in all areas of your life such as love, prosperity, protection, and success.

There are 4 attunements for the Magickal Crystal Lightwork Program.

- **Level 1** - This attunement will connect you to the energies of all crystals and stones contained within the Magickal crystal Lightworker program.
- **Level 2** - This attunement will connect you to the healing properties of the crystals and stones which will heighten your abilities to use them for all healing (in person and distant).
