Kundalini Reiki Masters

Kundalini is the coiled base energy at the root of the spine. When this energy is tapped, specific healing channels and chakras are been opened, and you gain access to the unlimited healing energy from within yourself and the environment. The root chakra is the energy centre located near the coccyx and serves as portal for the Kundalini energy. The stimulated energy shoots all the way up through the body, through the main microcosmic spinal channel, and out of the Crown chakra. An open Kundalini system ultimately cleanses the chakras, the body parts and the energy channels.

Kundalini Reiki 1 – The first attunement clears healing pathways to allow the unobstructed flow of energy. Simultaneously, you are prepared for the Kundalini stimulation in Kundalini Reiki 2. This step further stimulates the Crown, Third eye, Throat and hand chakras. You are taught to perform a complete healing treatment and to heal remotely from a distance.

Kundalini Reiki 2 – Microcosmic channels are enhanced. Gradual kundalini awakening occurs with the front and rear meridians coaxing the Kundalini “fire.” Kundalini flow reaches the Hara, the Solar plexus chakra. It paves the way for the final Kundalini reiki 3.

Kundalini Reiki 3 (Kundalini Reiki Master) – The previous channels are widened one last time. Energy conduits to Sex and Base chakras are blasted open. The Kundalini “fire” is strengthened and trickles up and beyond Crown chakra. Your aura is reinforced against stressors, psychic attack and physical ills. It is with Kundalini Level III that you can finally attune other people to the same level (or lower) than yourself.

Please be aware, Kundalini Reiki Level III by no means causes a full Kundalini Rising. Kundalini rising takes a year or so of meditation on each chakra. Reiki Kundalini is one such method that can cut down this lengthy training time.

Kundalini Reiki Booster 1-2-3 (Kundalini Reiki 4-5-6)

These attunements fortify the previously received attunements, Kundalini Reiki 1-2-3. After each booster, the chakras, the main energy channel and the meridians to the hands are widened and strengthened. After Kundalini Booster 3, your resonance to summon Reiki will have been increased approx. 100 percent! You will also be able to pass on the Kundalini Reiki Booster 1-2-3 Attunements.

Kundalini Reiki Booster 4-5-6 (Kundalini Reiki 7-8-9)

These attunements strengthen the previous attunements of Kundalini Reiki levels 1-6. At each additional booster, the chakras and the channels to the hands are magnified and empowered. Kundalini Reiki Booster 6, empowers you to channel Reiki by approx. 300 percent more than those who reached level 3. You will also be able to pass on the Kundalini Reiki Booster 4-5-6 Attunements.

Energy healing (aura and chakra healing) is one of the most profound and fundamental alternative therapies in the field of alternative medicine and holistic health. Energy healing employs spiritual healing methods which expand the awareness of the energy healer and uses energy, color and light healing techniques to catalyze healing in the patient's energy field (aura and chakra system)—helping the patient break free from afflictions and limitations of body, mind and spirit. It may provide enhanced quality of life for the patient and facilitate spiritual growth. Energy healing is often a powerful spiritual path for the practitioner as well.

Kundalini Water

By Geom. The initiation you will receive is quite complex and takes about two hours of unbroken transmission to come in completely.

After receiving it, you will be empowered to make "Kundalini water".

This means you will be able to run into water an energy which stimulated Kundalini in whoever drinks the water, doing so in a profound yet completely safe manner.

The shakti (energy) you run into the water is not Kundalini, but rather an energy that stimulates Kundalini.

The shakti will remain in the water for roughly 2½ hours, so the water should be drunk within that time period. Once the water enters a human body the shakti remains active for two to three days, stimulating kundalini during that time. After each two to three day period, you need to drink more kundalini water if you wish to keep having a kundalini experience.

The reason the shakti is programmed so that the effects of the kundalini water do not last beyond two to three days is to give you some degree of control over your kundalini experience. For kundalini to do what it is designed to do, it is necessary to completely surrender to the energy. However, the lack of control that people often feel when having a kundalini experience frequently results in resistance (both conscious and unconscious) that prevents complete surrender to the experience.

Shaktipat

In the Yoga tradition, shaktipat (descent of Grace) is the infusion of energy from the spiritual master to the seeker. It brings about the awakening of the seeker's own inherent spiritual power, called kundalini.

This transference of energy from the master is an initiation that activates an inner enfoldment of awareness that leads to progressively higher states of consciousness. You can envision this energy as one candle lighting another candle – the Master projects a current of Divine Power (Shakti) into your subtle body. This in turn releases your inner prana (life force). This transference does not take any effort at all; your only duty is to surrender, the Shaktipat is spontaneous. The manifestation of Shakti is solely the work of the Divine power (Shakti) Itself.

To practice this type of shakti means that you must simply allow the Divine power the opportunity to perform the action by Itself.

Ascended Master Kuthumi will be your Guru or Master in the Shaktipat Initiation.

Sin Ilahi

You will receive three attunements.

2 Attunements to Sin Ilahi (2nd one is the master level for Sin Ilahi).

The chakras divine energy is a point higher than the crown chakra, the numbers so far, no one knows for sure but the theory are too many layers according to the dimensions of the spiritual aspects of human existence that is rated. The higher chakras divine higher energy vibration that can be accessed and the higher consciousness can climb the peaks of the spiritual realm.

Sin-Ilahi can be meant as human with consciousness of GOD, which all his activities comes from GOD, with GOD and for GOD. Sin-Ilahi attunement, with GOD's permission, is useful for immediately opening, cleansing and activating energy channels in our body:

Sufi Reiki

Sufi Reiki was created by Reiki Sufi Master Sami Pajunen in Finland at the end of 1999. Reiki Sufi was introduced to Indonesia by Mr. Fajar Isbandi with the help of the first few Reiki Sufi Masters including Rudi, Eko Yuwono, Edys Susanto, Hikam, Rachmat Hanafi, Adi Setiawan, Andry, and others.

Sufi Reiki is a Reiki that accesses Sufistic energy by the moment method. The aim of the energy is to enable the practitioner of Sufi Reiki to become a spiritually enlightened person who is also able to do healing for him/herself as well as for others.

Sufi Reiki has 3 levels followed by the band attunements. The Usui Reiki symbols may be used after the second attunements, however many Sufi Reiki Masters do not use any symbols. It is hoped that when the Sufi Reiki practitioner has completed the 3

levels of attunement that all the chakras are well expanded and the energy fields are clean and there are no blocks. The ego should be less and is replaced by a heightened awareness and this is manifested as patience, calmness and a greater wisdom in handling life situations. At this stage, the higher attunements are taken, that is, the Band attunements.

The Band attunements are equivalent to what is known as Shing Chi for other Reiki types. The Band attunements result in a higher energy level in terms of quality and quantity. The bands are actually unlimited, and they open the upper chakra levels that are also unlimited. The purpose of the band attunements is to enable the practitioner to achieve a spiritual awareness that comes from the Kundalini energy entering the crown chakra.
