### **Magickal Lightwork Advanced Degree Level Four – 4th Degree Mastering body, mind and spirit, bringing it all together, expanded Universal Laws**

There are many Universal Laws, however, the one that rules all the others is the Law of Vibration. It is the Law of Attraction – like attracts like. When you can get into the vibration of what you want to achieve, have, be or do, it must come to you. You can only attract what your energy is in attunement with, or what your energy is in harmonic vibration with. You repel anything that is not in a similar vibration.

The only work you have to do to receive what you want is to vibrate energetically with it. That's it. You must find a way to raise your vibration energetically with thoughts and experiences that bring you joy. When you do this, you are bringing body (feelings), mind (thoughts), spirit (energy) together in alignment and harmony with what you want to be, do or have. And it must manifest. The Law of Vibration commands it to.

You will be attuned to a symbol for Alchemy with the pure white light of source energy.

May you always align with and vibrate in harmony with your desires, and so it is!

This is a very powerful post of energy to the first 4 Levels of the Magickal Lightwork Advanced Degree.
