Discover the Wisdom of Your Numbers – and the Path They Reveal

This course is a comprehensive, soul-rooted introduction to numerology – the ancient spiritual science that unlocks the hidden codes within your name, your birthdate and the unfolding journey of your life. Far more than just numbers on a page, numerology reveals a living map – showing where you have been, what drives you and where your soul longs to grow.

Whether you are brand new to numerology or already drawn to its mysteries, this course guides you step by step through the core calculations and deeper meanings of each number – from your Life Path and Destiny to Soul Urge, Maturity, Karmic Lessons, Pinnacles and Personal Year Cycles.

You will learn how to interpret a full numerology chart with confidence, explore love compatibility through the numbers, uncover karmic patterns and understand how to align your personal energy with each calendar year. This course includes structured lessons, intuitive practices, meditation and reflection, a reading template and even a dedicated Personal Year workbook to support your real-life application.

Whether you are seeking personal insight, spiritual growth or the skills to offer readings to others, this is a complete and illuminating pathway into the sacred language of numbers – and the wisdom they carry for your soul's evolution.
